✳ Romain Rubens

UX/UI Designer · Digital Products & Connected Ecosystems

Explore my work →

About

UX/UI and Interaction Design student focused on digital products and connected ecosystems. I combine user research, critical thinking, and systems thinking to understand people, challenge assumptions, and turn complex problems into clear, intuitive experiences. I value collaboration between design and development to create solutions grounded in real-world needs.

Education

Strate School of Design · *2023 - 2028 (expected)*

Master's-Level Diploma in Industrial Design · UX & Interaction Design Specialization
Critical Thinking · UX/UI Design · Design Systems · Prototyping

College for Creative Studies (CCS) · *Fall 2026*

Graduate Exchange Semester · User Experience & Interaction Design
UX Research · UI Design · Interaction Design · Brand Strategy

Apple Developer Academy | MSU · *October 2026*

Apple Foundation Program
User Research · Human-Centered Design · iOS Prototyping & Development

Columbia University | Columbia+ · *2026 - Present*

Non-Degree Continuing Education
Artificial Intelligence · Programming · Cybersecurity · Emerging Technologies

La Martinière Diderot High-School · *2020–2022*

French Technological Baccalaureate (STI2D)
Technological Innovation · Product Design · Sustainability

Experience

User Experience & Design System Designer | Intern · *March 2026 - July 2026*

Goupil Electric Vehicles · Polaris Group · Bordeaux, France
Led UX research and design across a multi-platform B2B ecosystem, from stakeholder interviews and user journeys to interface design. Created SyGo, a scalable Design System, and supported developer handoff.

UX/UI Designer | Academic Industry Project · *September 2025 - February 2026*

Renault Group × Strate · Lyon, France
Designed a conceptual extension of Renault's mobile app as part of an academic industry project in collaboration with Renault Group, exploring new features, user experiences, and interactions.

Interaction Designer | Inter-University Project · *September 2025 - January 2026*

Strate School of Design × ENTPE · In collaboration with SGAR Provence-Alpes-Côte d'Azur
Collaborated with students from another higher education institution to design interactive tools and educational materials promoting sustainable behaviors in workplace environments.

Volunteer Digital Skills Instructor · *September 2023 - September 2025*

Les Équipes Saint-Vincent
Digital Literacy · Teaching · Accessibility · Digital Inclusion

Volunteer Digital Skills Mentor · *October 2023 - September 2025*

Le Pari Solidaire
Digital Inclusion · One-on-One Mentoring · Accessibility · Communication

Technical Support Advisor · *November 2022 - August 2023*

Caisse d'Allocations Familiales du Rhône (CAF)
Supported beneficiaries in resolving technical issues, navigating digital services, and completing administrative procedures.

Skills

UX Design

User research · Stakeholder and user interviews
Usability testing · Insight synthesis · Journey mapping
User flows · Personas · Prioritization matrices
Behavioral analysis · Heuristic evaluation
Accessibility · WCAG standards
Wireframing · Interactive prototyping
Systems thinking · Complex ecosystem mapping
Interface audits · Design research & trend monitoring

UI Design

Design systems · Components · Auto Layout
Responsive grids · Design sprints
High-fidelity interfaces · Cross-platform design
Iconography · Motion design · Interaction design
Visual hierarchy · Typography · Interface states

Connected Products & Ecosystems

Apple Home · Google Home · Amazon Alexa
Homebridge · Philips Hue · IKEA Home smart · Aqara
Samsung SmartThings · Sonos · Tuya/Smart Life
Xiaomi Home · Nanoleaf
